Do you understand how corrupt Virginia is sounding right now. You guys convicted an innocent man who was under carbon monoxide poisoning caused by The Chimney Sweep. You guys are guilty of convicting an innocent man. Virginia is convicted of convicting an innocent man. The Attorney General's Office should be stopping all of this fraud, lies in police reports, and abuse. Instead you contribute to the lies and false information against this innocent man. WHY???

Your contributing to the criminals in what they did to Brian Hill? Your contributing to the crimes caused by Martinsville Police, The Chimney Sweep, and drug dealer protecting police chief. Your protecting drug dealers in our police departments, your protecting The Chimney Sweep who lied to Brian and his family.

I saw Attorney Eric Ferguson's last response. He said if you have the check proving The Chimney Sweep and JaCody Cassell was paid \$300 produce the check or drop the matter.

Instead they dropped the matter, they lied and deceived. Your Attorney General is part of this criminal behavior now, your now a bunch of criminals. I am forwarding what you said to Attorney Lin Wood. Your office is now aiding and abetting drug dealer protecting police chief and protecting a corrupt chimney business. Your aiding and protecting criminals now.

If you attack Brian in his appeals, then your protecting real criminals, aiding and abetting criminals. You don't want Brian to be acquitted. Just admit that your fine with destroying evidence, your fine with police chief of Martinsville protecting drug dealers and police openly working with drug dealers and drug users. Just admit your office has become compromised!!!!

Hello again Mrs. Hill,

I will include this correspondence in your son's file, but as I explained in my previous email, this is a legal matter that you will need to consult a private attorney about. The dispute resolution process is an informal mediation process where the role of the office is to act as a neutral third party helping facilitate the discussion between the disputants. Our office will not make a determination of fault or liability while the dispute is on-going. If a mutually agreeable resolution cannot be obtained, the complaint file will be closed. If it is your son's intention to appeal his criminal case he must go through the proper channels and legal process – the dispute resolution process is not the appropriate method.

Based on your email and your son's correspondence I will proceed with closing the file. If, however, Chimney Sweep chooses to respond to the information that was presented to show that an actual transaction did occur, I will follow-up with you both.

Please let me know if you still have questions or concerns about the dispute resolution process.

Respectfully,

Demetrice A. Davis,
 Here is a letter from my son. Typed up today to be emailed to you.

filename: Letter-Demetrice-Davis-EricFergusonAugust30-2022.pdf

This will be the last written letter from him as there is nothing else coming to further prove anything further. At this point this is going nowhere. So this is the last letter from my son over this matter. He will be asking the courts at this point to subpoena or have him asked

questions about the carbon monoxide poisoning long term of my son caused by the metal tin. Brian David Hill = Innocence. He doesn't want to waste any more time on this if it continues going nowhere. He still has the evidence he was not medically cleared and officers were misled as lab tests were ordered then deleted from the chart without explanation why before he was arrested. My son was neglected by the hospital. If they had done their job, the carbon monoxide levels would have been documented, Mr. Cassell would have been questioned by the police in 2018 had the tests not been deleted, and my son never would have been charged with indecent exposure in the first place.

case no. 953850, Mr. Brian D. Hill VS The Chimney Sweep, for Office of Dispute Resolution

Thanks,
Roberta Hill

Dear Mrs. Hill,

This email is to advise you that your complaint has been re-assigned to my attention. Aaron Ziglar will be out of the office on extended leave; however, he did forward the new information that you provided to Mr. Ferguson (see the below email). Please feel free to contact me if you have any questions or concerns.

I see that you have copied others here at the Attorney General's Office regarding your son's complaint. Do you currently have a criminal case that our office is involved in? I do not work in that section so I do not have access to that information.

Thank you,

Photocopy of check signed by Mr. Cassell, photocopy from TRUIST Bank after weeks of research the bank needed as per my request. Brian will be filing a new complaint against Mr. Cassell for lying to the Attorney General to dismiss a complaint with factual issues of carbon monoxide gas caused by metal tin being placed on chimney flues by denying everything to the extent where there is lying, with proof that Eric Ferguson and JaCody Cassell lied to the Office of the Attorney General. Lied by claiming never did any work/service or estimate for the Hills. \$300 check was signed for by Cassell. His signature in cursive writing does show his signature.

By denying ever conducting any service or estimate, \$300 was assumed to have been paid for absolutely nothing. That is business fraud, \$300 paid for nothing. TRUIST has the records.

A new complaint will be filed by Brian Hill with the evidence proving that JaCody Cassell lied through his attorney, that may be fraud.

See Virginia Code, Chapter 6. Crimes Involving Fraud, § 18.2-178. Obtaining money or signature, etc., by false pretense.

Since \$300 was paid for no service since JaCody Cassell denied everything, then \$300 was paid for no service, therefore **if Cassell wishes to continue denying, then \$300 was paid for no service which may be a false pretense. It is your choice Eric Ferguson and JaCody Cassell, if you wish to continue denying that any service was ever done, continue denying any estimate, well then I paid \$300 for nothing to you and that isn't true. That may be considered business fraud depending on how the laws are interpreted.**

The U.S. Probation Office may also receive this evidence to conduct their own investigation, the State Police may receive a copy. It is time for Brian David Hill to be acquitted of his state charge of indecent exposure, Brian David Hill = Innocence.

The only thing I am interested in is if The Chimney Sweep did any work for them in 2017. If they have a check, then produce it. If not, then drop this matter.
