Priority Highest

Here the issues I have here regarding whether the filings will be docketed or disappeared like last Supreme Court cases the year prior.

Here are photographs of what was mailed to the U.S. Supreme Court given to me by Brian's family. We know what was mailed there. Brian made sure to document every little thing he mails anywhere, including the COURTS. He is documenting everything as he always does so that he will not allow a cover up of any filing he made in the future without it being documented and challenged. He is making sure the cover ups at the clerks offices do not happen again by documenting every single pleading which was mailed.

We are putting the entire U.S. Supreme Court on notice, file every page, file every document, we know what will be covered up if it happens. We know what will be covered up based on what is missing.

This is Brian's support team's personal STING OPERATION against any criminal element within the U.S. Supreme Court, by having this evidence and documentation, and these emails to the Supreme Court are to ensure that nothing will be covered up as it was last year. A non-law-enforcement regular average citizen's Sting operation as to whether 18 U.S. Code § 2071 will be violated again like it was last year with cases no. 21-6036, 21-6037, and 21-6038.

Here are the photos of what Brian mailed the Supreme Court THIS YEAR. Just so we do not let them cover up anything Brian files again.

Document photo scans of contents mailed to U.S. Supreme Court:
https://justiceforuswgo.files.wordpress.com/2022/11/uswgo_20221107_094207ocr.pdf and
https://justiceforuswgo.files.wordpress.com/2022/11/uswgo_20221107_105033ocr.pdf PROOF PHOTOCOPY OF EVERY SINGLE DOCUMENT, PLEADING, COPIES. All of what was mailed to the U.S. Supreme Court, the box with the exact mailing shipping label with tracking number. Then we also have the proof of delivery for Brian Hill paying a little extra to ensure he has the signature and proof of delivery. It is all tied and connected together, proven as evidence. The Supreme Court cannot claim they never received this and can never act like certain documents are not in the box.

We will not let the cover ups happen again, we documented everything. U.S. Congressman Matt Gaetz knows about the child porn set ups. The corrupt elements of the Clerks office of the Supreme Court last year sabotaged three of Brian's petitions to keep this child porn set up victim wrongfully convicted forever. Matt Gaetz knew from Sharyl Attkisson's testimony that they tried to frame up her husband with child porn saying: "They were going to plant child porn on my husband's computer...This was from the FBI..." so she knows that the FBI tried to plant child porn on her husband's computer. I can understand how easily they can set up Chief Justice John Roberts with "CHILD RAPE AND MURDER". They can drug a judges' drink and then place a naked child on the judge and then videotape the child doing something sexual with the judge. It is easy for the deep state to set up a federal judge or justice to be blackmailed here.

We need to end the while anti-terrorism mass surveillance spying crap. We need to end the mass surveillance as the only purposes of that was recording judges doing sexual stuff to blackmail them. Mass surveillance was a trap to blackmail people.

So the FBI wanted to plant child porn on a Sharyl Attkisson's Husband's computer?

We will go directly to Congressman Matt Gaetz if the Clerk's office of the U.S. Supreme Court covers up anything in the filings from Brian D. Hill. We will watch the docket pages, we are watching this. We saw that an entire mailing last year disappeared at the Supreme Court, the Clerk just made an entire box of pleadings disappear as if they never were filed. We cannot let them do this crap again. It would be illegal to cover up an entire box of filings like last year with the emergency motions.

We are not going to let the U.S. Supreme Court break any more federal laws, this is criminal.

18 U.S. Code § 2071 - Concealment, removal, or mutilation generally

(a)

Whoever willfully and unlawfully conceals, removes, mutilates, obliterates, or destroys, or attempts to do so, or, with intent to do so takes and carries away any record, proceeding, map, book, paper, document, or other thing, filed or deposited with any clerk or officer of any court of the United States, or in any public office, or with any judicial or public officer of the United States, shall be fined under this title or imprisoned not more than three years, or both.

(b)

Whoever, having the custody of any such record, proceeding, map, book, document, paper, or other thing, willfully and unlawfully conceals, removes, mutilates, obliterates, falsifies, or destroys the same, shall be fined under this title or imprisoned not more than three years, or both; and shall forfeit his office and be disqualified from holding any office under the United States. As used in this subsection, the term "office" does not include the office held by any person as a retired officer of the Armed Forces of the United States.

Brian David Hill = Innocence, Brian Hill is innocent of child porn. These nasty mind games need to end at once. This is corruption in the entire federal court system. This crap needs to end. I pray to GOD and JESUS that the Supreme Court not cover up any more of Brian's filings. This happened last year in three of Brian's cases (the cover up of his emergency motions), please do not do this crap again.

God bless you all,

Stanley Bolten

Public Information Officer of U.S. Supreme Court,

My son is Brian David Hill. He doesn't want anything to be covered up (in violation of 18 U.S. Code § 2071) in the Supreme Court this time [as it was last year](#) so this kind of email is being sent to the U.S. Supreme Court. My son and I want to ensure things are being done correctly. Brian has made two phone calls to the Clerk's Office of the U.S. Supreme Court, leaving two voicemails about the importance of two filings with one filing being an emergency application to John Roberts over an issue which cannot be ignored due to the conflict of interest issues, along with a letter directed to the Clerk. My son has not heard from the Clerks, they will not return his calls, and this is concerning as he is a litigant, and validly and legally a litigant before your Court. That is why he leaves these voicemails, as evidence if he is continually ignored, he will file more complaints.

Brian has filed with your office an emergency application directly to Chief Justice John Roberts for the reasons and appendix in support of the application. Brian mailed a letter to the Clerk, and the Petition. The application is important since John Roberts has been accused of child rape and murder blackmail, and this blackmail scheme allegation requires that the application be reviewed and he must recuse himself due to the severity of the allegations. Child rape and murder as alleged by Attorney Lin Wood as documented in the lower courts in my son's case.

Attorney Lin Wood is also being sent a copy of this email, by CC as he was the one who brought forth the allegations against Justice John Roberts on Twitter last year.

The UPS reported that it was delivered on Tuesday, November 8, 2022. Brian called your office two times, left two voicemails and nobody has even attempted to call him back.

Please acknowledge receipt of pleadings as soon as you can on the next business day. Please let me know what is going on or at least call my son to confirm everything, and please read my son's letter to the Clerk in the mailing box package.

The case is Brian David Hill v. United States of America. Emergency Application and petition was mailed on November 7, 2022 by UPS shipping service. **The proof of delivery is attached to this email as 'Tracking UPS - United States-11-8-2022.pdf'**. This proves that it was received. Hopefully the Clerk will read the letter first, get the Emergency Application to Chief Justice John Roberts as Brian Hill's proof of service for three different pleadings is in the received package, along with the certificates of compliance.

What was in the box mailed to the U.S. Supreme Court is in the article by Stanley Bolten publicly on the justice blog website: [USWGO news reporter Brian D. Hill files petition with U.S. Supreme Court regarding BLACKMAIL SCHEME alleged by Attorney L. Lin Wood and asks suspected blackmailed Chief Justice John Roberts to recuse himself – Justice for Brian D. Hill of USWGO Alternative News](#)

We have a photocopy and record of every little thing my son mailed to the U.S. Supreme Court. If anything is covered up on the public docket, we will know it. So my son is kindly asking for everything to be filed and filed in its entirety to prevent any suspected cover ups. My son cannot trust partial filings of the appendix, since his emergency motions were covered up last year and disappeared as if they didn't exist. My son does not want the same cover ups to happen again, this year.

This email is important as documentation. My son has records of the phone calls. He will not let anything be covered up this time as was covered up a year ago with his three petitions.

My son left multiple voicemails without a call back, without any explanation. So this email is warranted.

Hope you understand why this must be sent. No cover ups are warranted (18 U.S. Code § 2071).

Brian didn't know tomorrow was a federal holiday but hopefully Monday we will get an answer, or they will return my son's phone calls.

Thanks,
Roberta Hill
